

Arnold Palmer Presidio Golf Course and Clubhouse  
300 Finley Road at Arguello Gate, San Francisco, CA

Client: Arnold Palmer Golf Management  
Architect: Kaplan McLaughlin Diaz  
Role: General Contractor

This new, 14,000 SF, clubhouse located on the grounds of the Presidio Golf Course in San Francisco, CA, is home to the Pro Shop, Administrative Offices, the Presidio Café and a lower level golf cart storage area.

The Presidio Clubhouse features cathedral ceilings with cherry wood trim and paneling, exposed fir beams and a large limestone fireplace. The Café is large enough to serve as a private meeting area for up to 200 guests. Two-story, French doors lead from the Café to a heated terrace, offering sweeping views of the golf course and Presidio.

The light wood exterior and stained wood trim helps the building blend with the landscape. The look is completed by a slate colored roof with deep eaves, dormer and copper gutters.

"I wanted to commend your company of a job well done," said Gary Heimbuch of Arnold Palmer Golf Management. "The Presidio Clubhouse was an important project and we needed a superior contractor... We are very pleased with International Contractors performance... Your company showed exceptional service and insured that the interests of Arnold Palmer Golf Management were being protected."
