

River Grove Elementary School Addition
2650 Thatcher Avenue, River Grove, IL

Client: River Grove School District 85.5
Architect: FGM Architects
Role: Construction Manager as Advisor

International Contractors provided construction management services in an advisor capacity for the addition to River Grove Elementary School.

International Contractors was hired in the design development phase to provide input into material selections, constructability analysis, schedule analysis and value engineering.

International Contractors completed three building additions totaling over 28,000 SF.

The additions provided for classrooms, a common area, kitchen areas, Special Education, computer labs, Science rooms, elevator and locker rooms.

ICI completed the work while school was still in session so special attention to detail and safety was a major priority.
